2ND EDITION

Youth Work Process, Product and Practice

Creating an authentic curriculum in work with young people

Jon Ord, UCP Marjon, UK

This essential text, which has been considerably amended, expanded and developed in this new second edition, provides an overview of the central concerns in youth work today, exploring what youth work actually consists in and developing an authentic theoretical framework for practice.

Featuring new chapters on the devolving of the curriculum to Scotland, values, youth work curriculum in Finland, and defending youth work in times of austerity, *Youth Work Process and Practice* is an essential read for all students of youth and community work and will also be an important reference for practising youth workers.
